Foster a love for reading

Accelerated Reader

Motivate, monitor, and manage students' independent reading practice. Perfect for in-person, remote, and hybrid instruction.
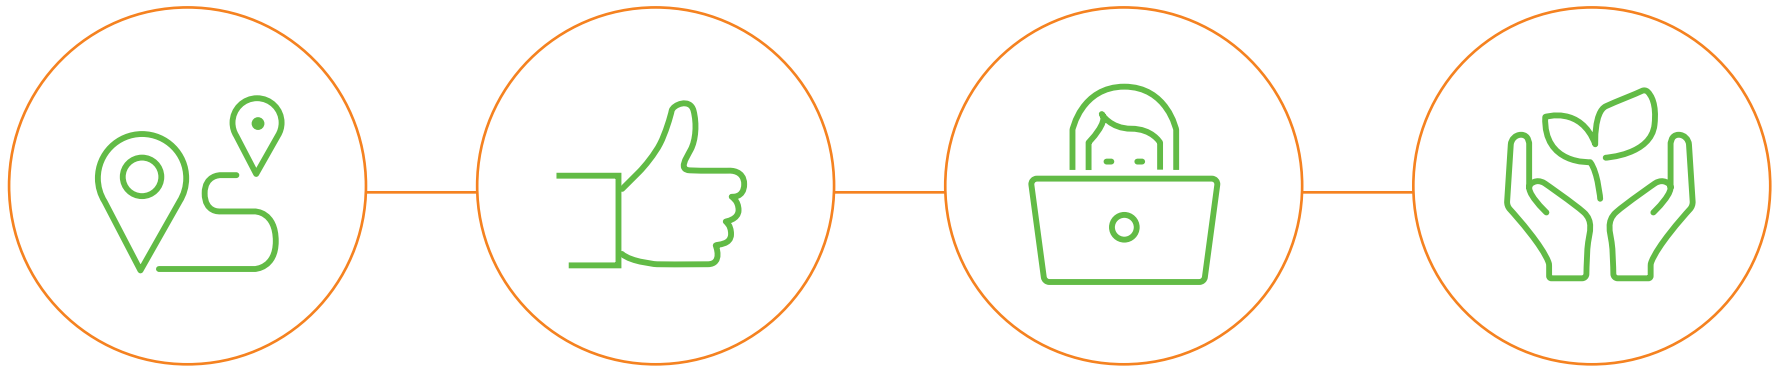

Make reading a priority in-person and at home

How it works

Choose

Access to over **210,000 quizzes in English and Spanish**, and **nearly 2,000 nonfiction articles**, to deliver abundant reading choice.

Read

This is the best part! Students **read a book or article of their choosing**. Students can read in class, at home, or out and about in the community.

Quiz

Once they finish a book, **students take a short quiz on what they've read**. Each quiz is written to ensure students have read the entire book or article.

Analyze

You gain instant insight into students' quiz results. Use that data to **set goals, monitor students' continued progress,** and personalize lesson plans.

Implement an effective cycle of reading practice

Guide

Effortlessly **create personalized goals** around the three main factors:
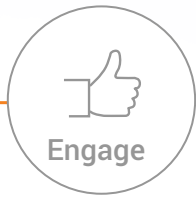

- Comprehension
- Quantity
- Complexity

Engage

Foster motivation, engagement, and a love for reading by **matching students with books aligned to their interests** and **reading level**
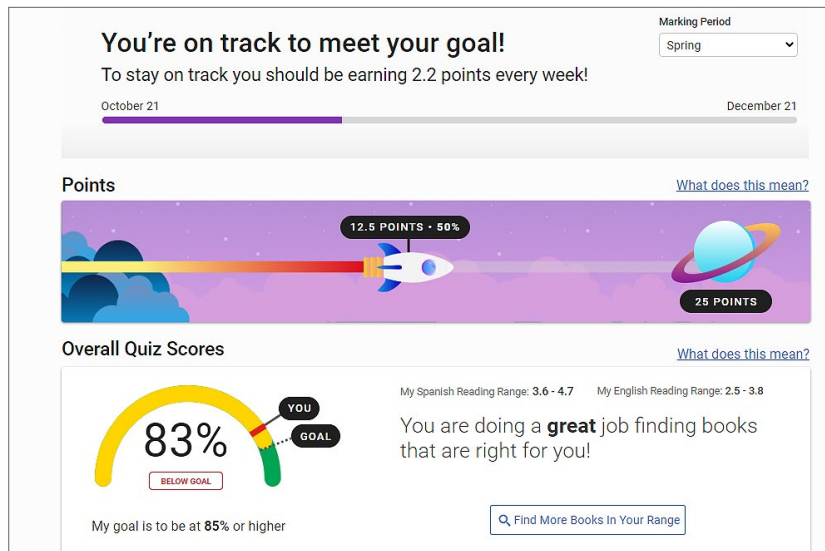

Practice

Go beyond assessing how well students understand what they read—**activities help build the vocabulary and literacy skills** that play a fundamental role in reading

Grow

Provide quick and efficient insight into every student's progress with **a complete menu of powerful reports**—letting you spend more time personalizing student learning

Inspire independent reading by setting the right goals

You're on track to meet your goal!
To stay on track you should be earning 2.2 points every week!

You are doing a **great** job finding books that are right for you!

My goal is to be at **85%** or higher
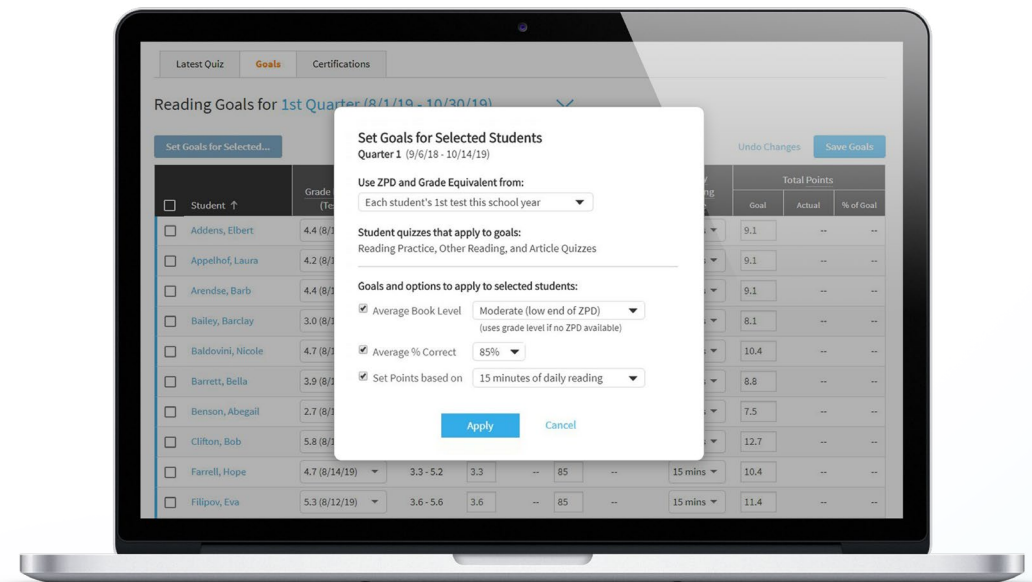

Find More Books In Your Range
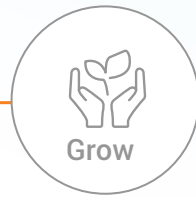

Guide readers in their AR Goals

Goal setting is at the heart of the most effective Accelerated Reader implementations:

- Insightful metrics for student understanding
- Clear visualization on next steps for the student
- Engaging designs to keep both younger and older students motivated
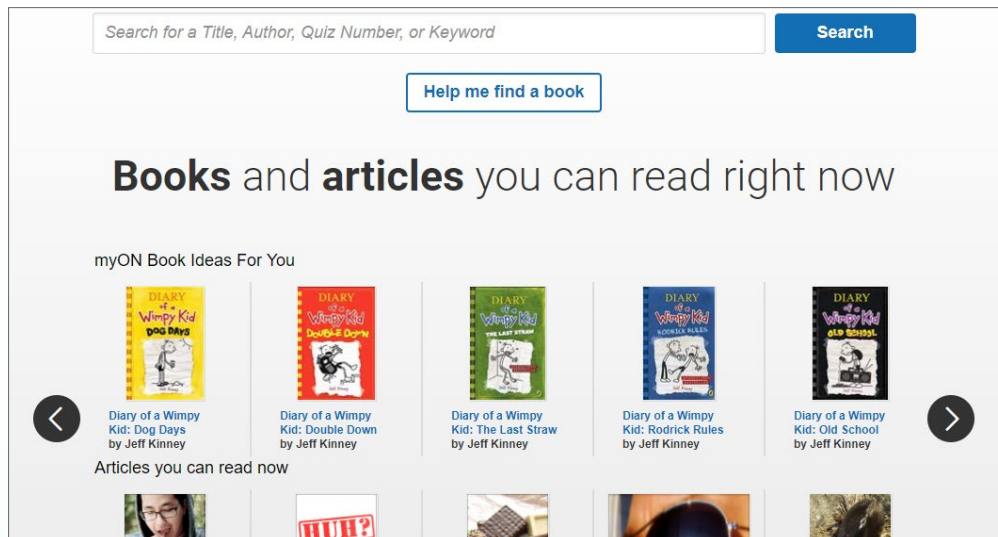

Drive student agency

Personalized goals help students stay focused—and help you monitor their progress. Create goals around comprehension, engaged reading time, and students' reading levels. Students can track their individual goals to gain agency over their learning.

Build skills beyond reading comprehension

Create a culture of reading

Independent reading can be a key strategy for addressing learning loss. Accelerated Reader is a student-friendly way to integrate daily independent reading into your curriculum.

Nonfiction can spark student interest

Connect the nonfiction articles in AR to what students are already interested in. Students can also self-discover their next great read, having articles and nonfiction book ideas as part of their personalized recommendations.
